## Bulletin #5 of 2025. June 17, 2025 **NEW PRODUCT BULLETIN** **P/N 540-340 455 Purge Check Tool**

**Products Affected:** P/N 505-455 455 Balanced Regulator and all systems configured with the 455 Balanced Regulator.

The 455 Purge Check Tool (PCT) eliminates guesswork when checking the purge depth on the 455 regulators. The PCT enables users to check, observe, and evaluate the adjustment state of the 455 Balanced Regulator, whether on deck between dives, after an overhaul, or before scheduled maintenance.

*The new P/N 540-340 455 Purge Check Tool is shown above.*

Refer to the 455 Balanced Regulator (455BAL) module in our modular manual options.

The P/N 540-340 455 Purge Check Tool is now available for individual sale and will soon be included in tool kits.

Always purchase your Kirby Morgan® products from an authorized Kirby Morgan® dealer. A list of all authorized Kirby Morgan® dealers is available on our website, [www.kirbymorgan.com/dealers](http://www.kirbymorgan.com/dealers).

Please contact your authorized KMDSI dealer or e-mail [sales@kirbymorgan.com](mailto:sales@kirbymorgan.com) for more information.
