**Bulletin #2 of 2026. February 10, 2026**

## **CHANGE TO PRODUCT BULLETIN**

### **P/N 560-074 Bottom Ring Is Now Stainless Steel 316L With Two New Features**

**Products Affected:** All KMDSI fiberglass helmets EXCEPT the SuperLite® 17B.

The chromed brass P/N 560-074 Bottom Ring will now be made from 316L stainless steel.

As chromed brass stock diminishes, we will begin transitioning to stainless steel. Kirby Morgan will install the updated stainless steel bottom ring on all future production of our fiberglass helmets, EXCEPT the SL 17B.

This new standard bottom ring for fiberglass helmets incorporates two new features.

#### **Removable Swing Catch Assembly**

The removable swing catch assembly enables simple service and replacement away from the helmet.

#### **Added fastener for the Sealed Pull Pins**

A stainless steel lock nut, P/N 530-307, secures the mounting screw of the sealed pull pin.

Always purchase your Kirby Morgan® products from an authorized Kirby Morgan® dealer. A list of all authorized Kirby Morgan® dealers is available on our website, [www.kirbymorgan.com/dealers](http://www.kirbymorgan.com/dealers).

Please contact your authorized KMDSI dealer or e-mail [sales@kirbymorgan.com](mailto:sales@kirbymorgan.com) for more information.
