Bulletin #9 of 2015. July 9, 2015

Change to Products

350-032 Main Tube is Replaced by 350-143 Main Tube

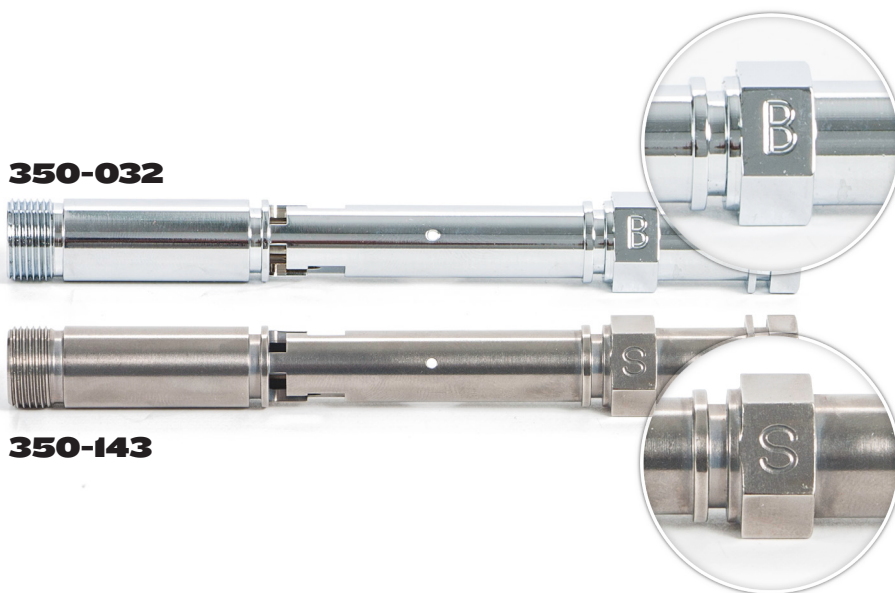

Products Affected by change to 350-032 Main Tube:

350-032 Main tube, BR

505-278 REX® Regulator Assembly

305-040 Balanced Regulator Assembly, EXO-BR®.

This bulletin is to inform you that the Main tube, 350-032, used in the balanced REX® & EXO-BR® regulators is now being manufactured of stainless steel (previously chromed brass). With this improvement it has been issued a NEW PART NUMBER, 350-143 Main Tube and is stamped with an "S" instead of a "B".

US Retail: \$185.25 (This is already on your price lists).

Please contact your local KMDSI dealer or e-mail KMDSI at sales@kirbymorgan.com for more information.
