Bulletin #10 of 2015. August 25, 2015

Change to Products

Helmet & Band Mask® Regulators Now Packaged & Sold as "Kits"

Products Affected by packaging as Kits:

305-040 EXO BR Regulator

505-027 SuperFlow® "B" Regulator Assembly,

505-026 "A" Regulator Assembly,

505-069 350 (1" tube).

505-278 REX Regulator Assembly.

Regarding Helmet and Band Mask® regulators, we have improved their overall packaging and presentation. Where needed, tie wraps or other parts are included as well as a warranty card. These changes make the regulators into kits instead of them simply being "a part". Please see page two for the regulators with their corresponding, new "kit" part numbers:

Example kit shown above, contents vary
