Bulletin #9 of 2020. August 14, 2020

DISCONTINUANCE OF PRODUCT BULLETIN

**SuperFlow® 450 Regulator, SuperFlow® 450 Main Tube Assembly
and SuperFlow® 450 Conversion Kits are Discontinued**

Products Affected: 505-560 SuperFlow® 450 Regulator, 505-561 SuperFlow® 450 Balanced Main Tube Assembly, 525-763 450 Regulator for SL 27 Conversion Kit and 525-766 450 Regulator Conversion Kit

Discontinuation of this regulator is based on the fact that our 455 Balanced regulator P/N 505-455 represents the next stage of improvements and the preferred regulator platform advancing into the future.

The SuperFlow® 450 manual and technical support will remain available, however, availability of the SuperFlow® 450 and associated parts is limited to stock on hand.

Please contact your authorized KMDSI dealer or e-mail sales@kirbymorgan.com for more information.
